

Apprenticeships: November 2025 underlying data

Metadata specification

Description

This document describes the additional supporting files that accompany the 'Apprenticeships: November 2025' accredited official statistics publication. This data is released under the terms of the [Open Government License](#). It is provided to allow users to interrogate the data themselves.

The underlying data files contain apprenticeship starts, achievements and participation figures in England; broken down by learner characteristics (e.g. age, sex, ethnicity group), geography (e.g. region, local authority district) and subject characteristics (e.g. sector subject area, level, framework/standard name).

The [Further education and skills statistics: methodology](#) document published alongside the main release should be referenced alongside this data. It provides information on the data sources, their coverage and quality as well as explaining methodology used in producing the data.

Underlying data – apprenticeship vacancies <i>app-underlying-data-vacancies-202425-q4.csv</i> This dataset comprises apprenticeship advert and vacancy content supplied by recruiters and published on the Find An Apprenticeship digital service. The service is operated by the Department for Education as a recruitment platform, free at point of use. It enables: • Employers to publicise apprenticeship vacancies. • Candidates to apply for vacancies. • Recruiters to manage the recruitment process for the vacancies displayed on the service. A Vacancy is defined as a single opportunity for a unique individual to be employed as an Apprentice. A single advertisement (previously referred to as a Vacancy Notice) may contain one or more Vacancies. The dataset comprises the items listed below. All standard fields are populated using a standardised selection of data items, some are automatically system-populated. The content of free text fields is drafted by the author of an advertisement and is not restricted by the system. Please note that any apprenticeships arising as a result of the vacancy must comply with apprenticeship funding rules. vacancy_reference_number (Standard field) System Alphanumeric 12-digit UID for each advertisement. current_status (Standard field) Vacancy post status at the time of data extraction (e.g. Live, Deleted, Closed, Complete) date_posted (Standard field) The date of publishing the vacancy/vacancies. vacancy_title (Free Text field) The employer's chosen descriptor for the vacancy/vacancies advertised. vacancy_description (Free Text field) A summary of the apprenticeship content and working environment. skills_required (Free Text field) The employer's summary of desirable soft and technical skills that would be advantageous to an applicant. qualifications_required (Free Text field) The minimum formal qualifications the employer requires applicants to achieve before they start the apprenticeship. number_of_positions (Standard field) A count of the number of individuals the employer wishes to recruit. application_closing_date (Standard field) The latest date on which applications can be submitted for the vacancy/vacancies listed.	National	Aug 2022 onwards
---	----------	------------------

expected_start_date (Standard field) The date on which a successful applicant should expect to start their apprenticeship. employer_full_name (Free Text field) The full name of the employer offering the vacancy/vacancies. provider_full_name (Free Text field) The full name of the organisation that will provide off-the-job training. vacancy_postcode (Standard field) The postcode of the workplace location where the apprenticeship is based. vacancy_town (Standard field) Town of the apprenticeship workplace location. wage_unit_desc (Standard field) Choice of: Annually; Weekly; Monthly wage (Free Text field) The value in £ to be paid by the employer per wage unit worked. wage_type (Standard field) Choice of: Apprenticeship Minimum Wage; Competitive salary; Custom Wage; Custom Wage Range; Fixed Wage; National Minimum Wage; To be agreed upon appointment hours_per_week (Free Text field) Summary of expected hours to be worked in a 5-day week. expected_duration (Free Text field) Estimated duration between start and completion of the apprenticeship. apprenticeship_type (Standard field) May be any of the following: Advanced Level Apprenticeship Degree Level Apprenticeship Higher Level Apprenticeship Intermediate Level Apprenticeship training_type (Standard field) Identifies whether vacancy learning element is based on apprenticeship standard or framework. framework_or_standard_name (Standard field) Industry-standard unique identifier (UID) for the apprenticeship in an advertisement. sector_name (Standard field) Used to segment Apprenticeships according to economic sector. education_level (Standard field) The education level of the apprenticeship qualification.		
---	--	--

source_db (Standard field) Identifier for the database through which the advertisement is processed. Version 1 (V1) is a legacy system, used predominantly by training providers, recruiting on behalf of employers. Version 2 (V2) is used predominantly by employers accessing the system through their digital accounts with the Apprenticeship Service (AS).

Annex A – Field Listing

Further information about the fields in the underlying files is given below:

Variable name	Variable description
Achievers (when used in achievement rate calculations)	A count of achieved programme aims
Achievement	A qualification or apprenticeship has successfully been gained.
Achievement rate	Achievement rates are based on the individual qualification aims that were completed in the relevant year (Hybrid End Year). They are calculated as the number of aims achieved divided by the number started, excluding the aims of any learners that transferred onto another qualification within the same institution.
AgeAcademic Group AgeAcademic 19P	Age of the learner is as at the 31 st August of the reported academic year.
Age or Age Group or Age Summary	Where apprenticeship starts / achievements are being reported, this shows the age of the apprentice at the start of the apprenticeship. Where participation is being reported, this shows the age of the learner as at the 31 st August of the reported academic year. Age categories (Under 19, 19-24, 25+) Where apprenticeship achievement rates are being reported, this shows the age at start of the programme. Age categories (16-18, 19-23, 24+)
Age Youth Adult or youth/adult	Where apprenticeship starts / achievements are being reported, this shows the age group of the apprentice at the start of the apprenticeship. Where participation is being reported, this shows the age of the learner as at the 31 st August of the reported academic year. Age categories (Under 19, 19+) Where apprenticeship achievement rates are being reported, this shows the age at start of the programme.(16-18, 19+)
Apps Level	Apprenticeship level (Intermediate, advanced, or higher). Or FE and Skills programmes Level (Entry ,1,2,3,4,5,6,7, High Level)
Apps Level 6Plus	Level of the apprenticeship Level 6 or Level 7.
Apps mandatory degree	Apprenticeship contains a mandatory degree element. This is based on the latest information available at the time of publication in the Skills England Search the apprenticeships tool .
Completers (when used in achievement rate calculations)	A count of completed programme aims
Delivery_Region Delivery_PCON Delivery_LA Delivery_LAD Delivery_Devolved_Administration	Geographical breakdown based on the delivery postcode PCON = Parliamentary Constituency LA = Local Authority LAD = Local Authority District
Delivery_Region_Code Delivery_PCON_Code Delivery_LA_Code Delivery_LAD_Code Delivery_Devolved_Administration_Code	Reference code assigned to the geographical breakdowns based on delivery postcode

Detailed Level or Apps Level Detailed	Level of the apprenticeship (Level 2; 3; 4; 5; 6; 7).
Ethnicity	Learners ethnicity (i.e. the self-declared ethnicity from which the Ethnicity group is derived).
Ethnicity major	The self-declared ethnicity group of the learner (Asian/Asian British; Black/African/Caribbean/Black British; Mixed/Multiple Ethnic Group; Not App/Known; Other Ethnic Group; White; Totals).
Flexi-Job	Information on apprenticeship learners taking part in the Flexi-Job initiative. See here for more information: Flexi-Job Apprenticeships - GOV.UK
Framework/Standard Name Or Framework/Standard Title	The name of the framework or standard. For standards, this is based on the latest information available at the time of publication in the Skills England Search the apprenticeships tool. Apprenticeship frameworks are grouped and shown based on their SASE (Specification of Apprenticeship Standards for England) description.
Framework/Standard Flag	Defines if the apprenticeship is a standard or framework.
Framework/Standard Code	Reference code assigned to a framework/standard, to be used in conjunction with the framework/standard flag.
Funding Type	Funding source of the apprenticeship (supported by ASA levy funds; Other; Totals).
Learner_Home_Region Learner_Home_PCON Learner_Home_LA Learner_Home_LAD Learner_Home_Devolved_Administration	Geographical breakdown based on the learner home postcode. PCON = Parliamentary Constituency LA = Local Authority LAD = Local Authority District
Learner_Home_Region_Code Learner_Home_PCON_Code Learner_Home_LA_Code Learner_Home_LAD_Code Learner_Home_Devolved_Administration_Code Learner_Home_LEP_Code	Reference code assigned to the geographical breakdowns based on learner home postcode
Level Or App Level	Apprenticeship level (Intermediate, advanced, or higher). Or FE and Skills programmes Level (Entry ,1,2,3,4,5,6,7, High Level)
Learner Participation Q1, Q2, Q3, Q4, or Full Year	Learner was in learning at any point during the indicated quarter or any point during the year (Full year)
Leave quarter	Academic year quarter in which a learner achieved their apprenticeship programme. Q1 = August-October, Q2 = November-January, Q3 = February-April, Q4 = May-July
Leavers (when used in achievement rate calculations)	The total volume of learners included. This is the denominator used in achievement rate calculation.
Length of Employment	Number of months that an apprentice was employed before commencing an apprenticeship. Banded 0-3mths, 4-6, 7-12, 12+ months
LLDD	Defines if the learner self declares that they are a learner with a learning difficulty and/or disability.
Participation	Learner was in learning at any point during the year
Pass rate	Pass rates are based on the individual aims that were successfully completed in the relevant year (the Hybrid End Year). They are calculated as the number of learning aims achieved divided by the number successfully completed.

Annex B – quick guide to using the underlying files on Explore Education Statistics

Navigate to the 'Explore data and files' section of the release to find several useful underlying and supporting files for the data on the publication.

The underlying data files and metadata specification can be found under the 'All supporting files' sections. Once expanded you will see a list of all the files available for you to download and use.

Due to the size of some of these files follow these steps to download and access the data.

Click the data file link you wish to view; this will automatically start a download of the file through your internet browser. Once this step is complete, click the file, or open your downloads folder on your file explorer.

The data files will download as CSV files which you can create a connection to and build a pivot table for your analysis.

Save the file from the downloads folder into a suitable location of your choice.

In excel on the 'Data' tab click the 'From Text/CSV' button in the top ribbon of excel.

Navigate to the folder the underlying file is saved to and select the file to 'import'

Select the option to 'Load to'
